About Bus 4x4

The Bus 4x4 Group of companies specialises in delivering innovative solutions to transport cargo and groups of people in off-road conditions comfortably, reliably and safely.

Australian-owned and globally renowned, our solutions lead the sector for 4WD conversion products, accessories and parts.

From our start in 2012, our vehicles now service a range of industries including Mining & Resources, Tourism, Leisure, Government, and Emergency Services.

The demand for our product has continued to grow, now with interest across multiple countries and continents, and an active customer base who are ready to take the step into their own Bus 4x4 vehicle.

Through our expansion and evolution, we have remained consistently passionate about going the extra mile for our customers, which is why they come back time and time again.

Our Values

✓ Integrity

At Bus 4x4 we pride ourselves on delivering on our promises and using quality materials. Our customers trust us to handle their vehicles with care and dedication.

✓ Accountability

We maintain accountability for everything we do, ensuring every vehicle meets or exceeds the expectations of our customers. This builds trust, ensures safety, and reinforces our excellent reputation.

✓ Responsibility

We recognise that there is a responsibility that comes with the trust our customers put in us to deliver safe, reliable, top quality vehicle conversions. Selecting quality materials, the best technicians, and having the highest safety standards is at the core of the responsibility that we take so seriously.

✓ Innovation

Innovation is what got us where we are today, and it is what will keep us relevant in the future. We are always exploring new technologies, techniques, and designs to continually improve our industry-leading solutions and deliver the best possible products to our customers.

✓ Our Quality Commitment

Bus 4x4 Group is ISO 9001:2015 Quality Management Systems Certified.

We take quality seriously which is why all our products are manufactured under stringent Australian standards. All products are certified in conjunction with Australian Government Motor Vehicle Standards under ADR (Australian Design Rule).

**Driving the future of
off-road transportation.**

At Bus 4×4, we go beyond building vehicles.

We create advanced mobility solutions that empower industries, communities, and adventurers.

Our passion for engineering and innovation drives us to explore new possibilities and set new benchmarks in off-road transport.

By combining cutting-edge technology with real-world expertise, we're not just meeting the demands of today; we're shaping the future of all-terrain mobility.

When you choose Bus 4×4, you gain a trusted partner dedicated to driving progress, enhancing performance, and redefining possibilities in the toughest of environments.

That's More Go.
