World leaders in BUS 4X4 and Van Conversions

Redefining Off-Road Transportation.

BUS 4x4 are experts in 4x4 conversions that can transform 2WD Toyota HiAce and Toyota Coasters into go-anywhere 4WDs, with professionally engineered AWD Conversion Kits under Second Stage Manufacturing.

We design, manufacture, export, hire and sell BUS 4x4 4WD Conversions across Australia, and the globe.

Our innovative BUS 4x4 GoKit AWD Conversion kit transforms these vehicles into a world-leading solution to transport cargo and people in off-road conditions, comfortably, reliably, and safely.

Delivering More Go, every single time.

WORLD LEADERS AND EXPERTS IN BUS 4X4 CONVERSIONS | SINCE 2011

Moving more people around the world, in more industries.

Wherever there's a challenge, we're ready to deliver More Go, to more people, in more places.

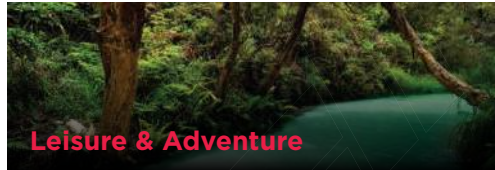

Originally built to conquer the harsh conditions of the mining and resources industry, BUS 4X4 has proven its reliability and capability time and time again, in more places around the world. Through innovation and commitment, we've become the trusted partner of choice across a diverse range of industry segments, including those listed below.

Mining & Resources

Responding to the tough conditions of the mining sector, our products are engineered to deliver unmatched durability, top-tier functionality, and unwavering safety, perfectly tailored for the rugged environments your operation faces every day.

More safety, more control.

Leisure & Adventure

Unleash your adventurous spirit with a BUS 4X4 Conversion! Go further, explore more, and conquer new destinations, all without compromising the comfort and lifestyle you love.

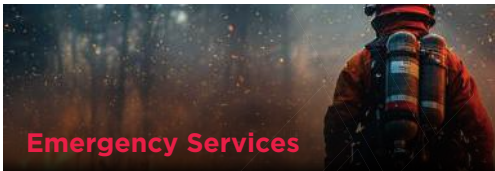

More ways to create your dream adventure!

Government

Getting your team where they need to be, exactly when they need to be there, has never been more simple! With BUS 4X4, enjoy a cost-effective transportation solution that's safe, and fully compliant, while also helping to reduce your environmental footprint.

More efficiency, more responsibility.

Emergency Services

Deliver help where it's needed most, when it's needed most. No matter the challenges or terrain. With Bus 4x4 vehicles built for off-road conditions and capable of transporting up to 22 passengers at a time, you can count on our robust, reliable vehicles to help you get the job done.

More safety, more access.

Small & Medium Enterprises (SMEs)

Unlock endless business possibilities with a BUS 4X4 vehicle! Whether you need a mobile office, efficient team transport, or the ability to access remote and rural areas, we're here to turn your vision into reality. Let's drive your business forward together.

More opportunities, more growth.

Travel & Tourism

Getting your team where they need to be, exactly when they need to be there, has never been more simple! With BUS 4X4, enjoy a cost-effective transportation solution that's safe, and fully compliant, while also helping to reduce your environmental footprint.

More efficiency, more responsibility.

“

We've been running BUS 4X4 Coasters on our coal operations for over three years now.

The vehicles just don't stop. Our crews trust them, our maintenance team loves the Toyota serviceability, and they handle haul roads that would destroy anything else.

Fleet Manager, QLD Coal Operation

“

The BUS 4X4 gives our volunteer crews a level of capability and comfort we simply couldn't achieve with our previous fleet.

Being able to transport a full team with equipment directly to the fireground on unsealed tracks has changed how we respond to incidents.

Fleet Manager, QLD Coal Operation

Our BUS 4X4 Conversions

Toyota HiAce

The Toyota HiAce Commuter is the only true off-road minibus available in Australia. Perfect for minesites, tourism adventure business and leisure holidays alike, the Toyota HiAce commuter conversion will allow you to take up to 12 people across difficult terrain, with comfort, reliability and safety.

Toyota Coaster

The Toyota Coaster 70 Series is the safest and most reliable peplemoving solution, whatever the conditions or terrain that faces you. From moving people about mine or work sites, across tracts of land, or as a comfortable, safe motorhome, the 4WD bus conversions of the Coaster 70 Series will not be beaten.

More People, More Places

Specialists in 4WD Bus Hire across Australia.

From short term projects, or ongoing longer term hire, our ever growing fleet of 120 Toyota HiAces and Coasters means we can deliver a peoplemoving solution, quickly.

Our regularly serviced fleet of Toyota HiAce and Coasters is fitted with the BUS 4X4 GoKit Conversion, delivering a world-class standard in peplemovers to being a new level of efficiency and safety to your operation.
